The screenshot shows the homepage of the Southeast Fox River Partnership website. At the top, there are social media icons for Facebook, YouTube, and LinkedIn, followed by the organization's name "Southeast Fox River Partnership" in a stylized font, and a "Donate" button. Below this is a navigation bar with links to "Home", "Fox River Summit", "Fox River Water Trail", "Membership", and "Contact". The main content area features a large blue button labeled "Register Here" and a yellow button labeled "View the agenda here". The central text announces "The 7th Annual Fox River Summit" in large, bold, red letters, with a small fox logo to the left. Below this, it states the date "March 22nd, 2019" and the location "Veterans Terrace at Echo Park Burlington, WI". A section titled "Featured Speakers -" introduces Eddee Daniel, accompanied by his portrait. To the right of his photo is the "preserve our parks" logo. The text describes his project "A Wealth of Nature: Parks and Natural Areas in SE Wisconsin" and mentions his affiliation with Preserve Our Parks. A detailed biography of Eddee Daniel follows, highlighting his work as a photographer, writer, and community member. At the bottom, a partial view of another speaker's section is visible, titled "The Effects of Soil Health and How To Get Started -" with a small image of soil and the "SOIL" logo.

*Eddee Daniel - Preserve Our Parks*

Eddee Daniel will share his latest project, called "A Wealth of Nature: Parks and Natural Areas in SE Wisconsin." Working with Preserve Our Parks, a non-profit dedicated to preservation and promotion of parks and open space in the Milwaukee area, Eddee has been traveling throughout the six-county region of SE Wisconsin—which includes portions of the Fox River watershed—documenting the abundance of nature and recreational opportunities that can be found here. He has created a series of components to promote the project, including a website, display, and Powerpoint presentations. A book is in the works as well. Eddee will describe the project and share a sample Powerpoint presentation.

Eddee Daniel is a Milwaukee-based photographer and writer whose practice explores the intersection of nature and human culture. Author of "Urban Wilderness: Exploring a Metropolitan Watershed," as well as many self-published photographic books. Artist residencies include Milwaukee's Menomonee Valley and Harbor District. Founding member of the Coalition of Photographic Arts. Currently serves on the boards of Preserve Our Parks and Friends of the Hank Aaron Trail. He writes a column called Urban Wilderness for Milwaukee Magazine. Curator and regular contributor to the blog The Natural Realm. His personal website is [eddeedaniel.com](http://eddeedaniel.com).
